## Don't Walk Alone...

**CALL**  
**(206) 525-6417**

Here in the Pacific Northwest we take personal service as seriously as the IRS takes your tax return. The deeply forested 1040 form can be a challenge to your intellectual curiosity. Often it's not a good place to sit by yourself.

You need a friend in the tax code wilderness. A friend that knows the twists and turns of the human condition and how that can be translated into deductions. Not a friend that speaks in code like "press nine for a refund loan," but a friend that you would feel comfortable inviting to your child's birthday party. At Accountants Northwest, we can be that friend and tax code guide. We've been helping people like you since 1991. We know where the sunshine comes out in between the trees. We know people, we know families and we know the law. We have the courage to tell you that Fluffy's grooming appointments are not deductible, and the ability to understand why this causes you stress.

Call us and give us a try. We might not be able to write you an instant refund loan, but we make a mean cup of green tea.
